CloudPayroll™

Future-proof your business

Why CloudPayroll with Easy Employer

CloudPayroll is a proven, cloud-based payroll solution which is easy-to-use and feature-rich, seamlessly integrating with Easy Employer. Suitable for all businesses, across all industries from 1 employee to several hundred.

The seamless integration with Easy Employer can benefit your business by ensuring employees are paid correctly against their award and will reduce payroll administration. Changes to Industry awards and base rates are automatically updated when required.

- Current **free set up** and onboarding offer to assist with transition to CloudPayroll.

- Set up, implementation and training provided and includes a parallel payrun.

- Ongoing unlimited **free** phone and email support with payroll experts.

- Employee kiosk for employees to view their latest payslips, historical payslips and tax summaries, and message payroll securely.

- Manages superannuation payments (optional).

- Breakdown wage costs, super and allowances over multiple cost centres/locations for general ledger.

- Various user access levels e.g. data entry (no salary), enquiry only.

- Group Dashboard for multiple companies with additional Group reports.

- Manage net payments to employees with 2 days clearing funds.

- HR document management.

- Report suite with 50+ payroll reports available.

- Ability to export the general ledger in your desired accounting software.
